Subject: A letter for council

And for the town website. I'd any of you want to visit the scene of the crime, wires are hanging from my house and the pole on the southeast corner of the intersection here — teaching kids the hanging wires are no biggy.

To the Council and TOLC Mayor:

For some reason the path to the grocery store occurs at perhaps 3 a.m. and traverses the easternmost block of Center St. before turning south on 5th to the store.

Either the trucks are getting taller or the lines are getting droopier. In any case the trucks are hitting the wires. Sometimes the lines come down and no one cares much because it is a defunct line. Sometimes it matters a lot. The line that brings the internet to my house is in the later category. We are told by Astound which is astoundingly close to us that the line won't be repaired for at least five days.

Commercial trucks are best kept in a commercial zone. It is possible.

Kind regards
Linda Talman
