

What would you like to see at the park on Maple Avenue?

We encourage you to complete this survey Online at <https://www.surveymonkey.com/r/HNXMPL6>

Please help design La Conner's newest park by completing this 5 minute survey.

- What type of park would *you* use?
- What type of park do you think would best serve *La Conner's* needs?

The park on Maple Ave. (referred to here as Maple Park) is 24,000 square feet at the corner of Maple Ave. and Talbott St. (*area shown within the yellow rectangle on the map*).

Currently in grass, it is used as a t-ball, soccer and play field and as open space for dog walkers, neighborhood families and visitors.

There will be a physical barrier between the park and future houses to the south, and a sidewalk along Maple Ave. Any improvements undertaken would likely be funded by grants.

- Survey brought to you by the Town of La Conner and Parks Commission.
- An online survey option is available at <https://www.surveymonkey.com/r/HNXMPL6>
- A paper copy is in the August water bill. It can also be downloaded at www.townoflaconner.org
- 1 survey per household, please. The survey period will close on October 1st.
- Please return with your bill or drop at La Conner Town Hall: 204 Douglas St./ PO Box 400.
- The survey is being provided to town residents and the larger La Conner community.
- Public comments and results of the 2019 Parks Survey were used to design this survey.
